GENERAL INFORMATION:

- Remove the affected person from the work area. Take them to a well-ventilated place and protect them from hypothermia.
- **Do not administer anything orally and never make a drowsy, comatose or convulsive person vomit.** Contact the Poisons Information Centre (ph. 13 11 26) or a physician. Consult a physician and show them the packaging or label.

EYE CONTACT:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Monitor for symptoms described below.

INHALATION:
